

OF GREAT BRITAIN AND IRELAND

Wednesday 22nd November 2023

0730	<b>Registration opens</b>						
0800-1030	<p>Auditorium</p> <p><b>PAD, Renal Access, Carotid Abstract Session</b> Chairs: Arun Pherwani, Dave Bosenquet, Thanos Saratzis and Celia Theodoreli-Riga</p> <p>VO1 The natural history of disease progression following toe amputation and concomitant angioplasty: the impact of angioplasty timing - Paige Simson</p> <p>VO2 Impact of Age Differences in Chronic Limb Threatening Ischaemia Outcomes in Octogenarians – Sai Wunnava</p> <p>VO3 Long-term outcomes of primary femoropopliteal stents: a single-centre experience - Carolina Alvim Roup Rosa</p> <p>VO4 Long-term outcomes of the Secondary extension technique (SET) in the management of Dialysis Access Associated Steal Syndrome (DASS) - Hazem Elsanawy</p> <p>VO5 Streamlined management pathways reduce major amputations in chronic limb-threatening ischaemia - John Houghton</p> <p>VO6 Machine learning for risk and outcome forecasting in intermittent claudication - Bharadhwaj Ravindhran</p>	<p>Wicklow Hall 2B</p> <p><b>SRS, Training, Audit Abstract session</b> Chairs: Paddy Coughlin, Frank Smith, Rao Vallabhaneni and Olivia McBride</p> <p>VO30 Management of Diabetic Foot complications in Theatre: The DEFINITE Study - Louise Hitchman</p> <p>VO31 The impact of Covid 'Recovery' on the timeliness of revascularisation in Chronic Limb-Threatening Ischaemia - Emma Paoletti</p> <p>VO32 A Systematic Review and Meta-Analysis of the Impact of Vascular-Geriatric Care Models on short-term outcomes for Vascular Surgery Inpatients - Megan Power Foley</p> <p>VO33 Please Sir, I want some Lead: Availability of Basic Radiation Protective Equipment for Vascular Trainees in the East of England – Jade Whing</p> <p>VO34 A survey of the contemporary management of Acute Limb Ischaemia Salvage - Fatima Mannan</p> <p>VO35 Evaluating the evidence for the impact of human factors science on operative performance in vascular surgery - Fiona Kerray</p> <p>VO36 Needs analysis to inform human factors training for</p>	<p>Liffey Meeting Room 2</p> <p><b>Aortic, Trauma Abstract Session</b> Chairs: Paddy McCleary, Sadasivam Selvakumar, Colin Bicknell, Bridget Egan</p> <p>VO59 Implementation of a standardised 23-hour EVAR pathway for eligible patients can decrease length of stay and improve costs - Miss Maria Nicola</p> <p>VO60 The association between 17 CardioPulmonary Exercise Testing (CPET) parameters and mortality following AAA repair - Adam Haque</p> <p>VO61 The safety and efficacy of elective endovascular aneurysm repair in octogenarians: A systemic review and meta-analysis - Sebastian Vaughan-Burleigh</p> <p>VO62 Longer term outcomes in patients treated for JRAAA by Open Surgery and FEVAR at a single unit - Safa Salim</p> <p>VO63 A decade of experience in management of acute Type B Aortic Dissection - Barnaby Farquharson</p> <p>VO64 REPAIRS Delphi: A UK and Ireland Consensus Statement on the management of infected arterial PseudoAneurysms secondary</p>	<p>Liffey Meeting Room 3</p> <p><b>Venous Forum Abstract Session</b> Chairs: Miss Kaji Sritharan &amp; Prof Alun Davies</p> <p>Abstract Assessors: Mr Manj Gohel, Mr Ian Franklin, Mr Alun Davies, Miss Emma Wilton, Mr Zola Mzimba</p> <p>VO88 5-year follow-up of a Randomised Controlled Trial of Endovenous Laser Ablation versus Mechanochemical Ablation for Superficial Venous Incompetence (LAMA Trial) – Arthur Lim</p> <p>VO89 A meta-analysis of thromboprophylaxis measures during travel and guidance for patients who travel after varicose vein surgery - Leona Takeuchi</p> <p>VO90 A systematic review and meta-analysis of the current evidence for the non-operative management of post thrombotic syndrome - Elif İlayda Ökten</p> <p>VO91 The impact of body mass index on the outcomes of endovenous interventions for varicose veins - Alexandra Norman</p>	<p>Liffey Hall 2</p> <p><b>Introduction to Vascular Surgery Course</b> Chairs: The Rouleaux Club <i>Supported by Conveners IVS Course* + Education Committee member</i></p> <p>0800 – 0810 Welcome, Faculty Introduction &amp; Housekeeping</p> <p>0810 – 0830 Talk– A career in Vascular Surgery</p> <p>0830 – 0930 Practical Station 1</p> <p>0930 – 1030 Practical Station 2</p>	<p>Wicklow Hall 2A Slido code 1398210</p> <p><b>SVT Programme</b></p> <p>0900 – 0910 Presidents Welcome</p> <p>0910 – 1200 <b>Advanced Skills Workshop - EVAR Endoleak Imaging &amp; Pedal Vessel Imaging</b></p> <p><b>EVAR endoleak imaging</b> Prof. Ciarán McDonnell, Consultant Vascular Surgeon &amp; Clinical Lead for Vascular Surgery, Mater Misericordiae University Hospital, Dublin</p> <p>Louise Bowen Senior Accredited Vascular Scientist and CEUS lead, IVS Ltd and Manchester Academic Vascular Research &amp; Innovation Centre (MAVRIC), Manchester University NHS FT</p> <p><b>Pedal vessel imaging</b> Ben Freedman, Vascular Laboratory Manager, King's College Hospital NHS Foundation Trust</p> <p><b>Advances in technology</b> Philips and Siemens talks on machine</p>	<p>Liffey Hall 1</p> <p><b>BACPAR Programme 09:20-10:30</b></p> <p><b>30 years of BACPAR</b> Slide code 3106300</p> <p>0920 - 0930 BACPAR Chair Welcoming Speech</p> <p>0930 – 0950 The Origins of BACPAR - Penny Broomhead</p> <p>1000 – 1030 Meet the exec now – Attending Executive Committee</p>

<p>VO7 Investigating Anaemia Prevalence and its Impact on Diabetic Foot Ulcers Outcomes – Alexandra Norman</p> <p>VO8 Using the National Consultant Information Programme (NCIP) to assess national variation in longer-term outcome measures for patients undergoing a lower limb bypass in England - Eleanor Rose Atkins</p> <p>VO9 When two become none: the fate of the contralateral leg following major lower limb amputation and the association of ambulation with future limb loss - Keegan Chua Vi Long</p> <p>V10 Short-term longitudinal Quality of Life in Chronic Limb-Threatening Ischaemia; results from the FraiLTI (Frailty in chronic Limb Threatening Ischaemia) Study - Blaise Hickson</p> <p>VO11 Pain Relief in Major Amputation (PRIMA): A randomised clinical trial comparing pre-incision ‘single-shot’ nerve block and continuous peri-neural catheter for those undergoing a major lower limb amputation - Lauren Shelmerdine</p> <p>VO12 The impact of hyponatraemia on perioperative outcomes in chronic limb-threatening ischaemia - Ananyaa Jain</p> <p>VO13 A prospective cohort study of CLTI management in a single UK arterial centre with 1-year follow-up - Gary Cuthbert</p> <p>VO14 COST anaLYsis of Target Lesion Revascularization (TLR) in patients with femoropopliteal in-stent-restenosis or occlusion: the COSTLY-TLR study - Sarah Jane Messeder</p> <p>VO15 Patient acceptability to the COMPASS trial</p>	<p>vascular surgery trainees in the United Kingdom - Fiona Kerray</p> <p>VO37 Assessing external validity of randomised control trials (RCTs) in vascular surgery: A systematic review of characteristics of patients recruited to RCTs and comparison to the National Vascular Registry - Kasia Bera</p> <p>VO38 Assessing the trend of best medical therapy in symptomatic patients undergoing carotid surgery (ATOMIC study) - Alexander Harper</p> <p>VO39 Validation of a 14-item quality-of-life questionnaire for chronic wounds (Wound-QoL-14) in patients with diabetic foot ulcers at a vascular centre in England - Francesca Siracusa</p> <p>VO40 Vascular Anastomosis Course for Core Surgical Trainees (VACT) - Natalie Condie</p> <p>VO41 Your patients need a hybrid facility now! - James Scott</p> <p>VO42 Transmetatarsal amputaton: An 8 years retrospective chart review of it's Outcomes - Christopher Nwaturzor</p> <p>VO43 The Implementation of DrEaMing RCT into Clinical Practice - A QIP - Sai Sashank Jagannath Wunnava</p> <p>VO44 Identifying and Overcoming barriers to timely intervention for CLTI patients: a single centre experience - Tasneem Pope</p> <p>VO45 Frailty Assessment in Vascular OUtpatients Review (FAVOUR)– single-centre prospective cohort study comparing feasibility and prognostic value of commonly used frailty assessment tools - early results - Silje Alvsaker Welsh</p>	<p>to groin Injecting drug use - Caitlin S MacLeod</p> <p>VO65 Abdominal aortic aneurysm surveillance in the over 80s: Time for change - Imama Taiba Nasir</p> <p>VO66 The Collaborative Acute Aortic Syndrome Project (CAASP): defining diagnostic pathways and their impact on outcome - Aminder Singh</p> <p>VO67 Gender-differences in CPET parameters used to risk-stratify patients prior to AAA repair - Stacie Hodge</p> <p>VO68 AAA Screening Delays- A National Review from 2017-2023 - Sean Pattinson</p> <p>VO69 Understanding vascular trauma in the UK: Vascular Interventions and Surgery in Trauma Audit (VISTA) - Katherine-Helen Hurndall</p> <p>VO70 Long-term outcomes following repair of a ruptured abdominal aortic aneurysm treated at a single tertiary vascular centre - Janice Yiu</p> <p>VO71 Outcomes of large-bore percutaneous access to the first versus third segments of the axillary artery during aortic procedures: updates from the SUPER-AXA and PAXA international registry - Xun Luo</p> <p>VO72 Treatment Decision Making for Treatment of Abdominal Aortic Aneurysm: Does Sex Play a Role in Surgical Selection? - Anna Louise Pouncey</p> <p>VO73 Turndown Abdominal Aortic Aneurysm outcomes and survival in contemporary UK practice – Dean Godfrey</p> <p>VO74 A contemporary analysis of quality of life after aortic aneurysm repair - Mohamed Abdelhalim</p>	<p>VO92 The anterior accessory thigh vein (AATV) should not be overlooked – Maria Grouden</p> <p>VO93 Stent Configuration for Endovascular Ilio-Caval Reconstruction - A Systematic Review of the Literature - Alice Coates</p> <p>VO94 A scoping review of clinical scores or grading systems for Pelvic venous disorders - Tasneem Pope</p> <p>VO95 Five-year outcomes of dedicated venous stents for the treatment of acute and chronic iliofemoral venous obstructive disease - Kanoklada Srikuea</p> <p>VO96 Change in Intervention technique of Acute Deep Venous Thrombosis (DVT) in a Tertiary Referral Centre over 9 year period - Sarah Nduwayo</p> <p>VO97 Weighing up the differences in superficial venous interventions: an international survey of venous practitioners - Alexandra Norman</p> <p>VO98 Superficial Venous Arterialisation: a retrospective case series - Kayden Chahal</p> <p>VO99 An integrated nursing service for the treatment of lower leg venous ulcers - Marie O Shaughnessy</p> <p>0930-0945 Evidence update: Compression Therapy and Anti-coagulation following superficial venous intervention – Tristan Lane</p>			<p>technology to be applied during practical session</p> <p><b>3-D Ultrasound</b> (Sponsored by Philips) Professor Daniel Staub, Angiology/Vascular Medicine, Medical Head Department of Circulation, Thorax and Transplantation, University Hospital Basel, Petersgraben 4, CH-4031 Basel, Switzerland</p> <p><b>Advances in vascular imaging technology, Siemens</b></p> <p><b>Practical skills session</b></p>	
---	---	--	--	--	--	---	--

	<p>recommendations following symptomatic carotid endarterectomy (CEA) - Dr Thomas Eveson</p> <p>VO16 Intravascular ultrasound-guided treatment of chronic limb threatening ischaemia leads to improved amputation-free survival rates – Harishankar Nair</p> <p>VO17 The association between completion of supervised exercise therapy and long-term outcomes in patients with intermittent claudication, concomitant sarcopenia and cardiometabolic multimorbidity - Bharadhwaj Ravindhran</p> <p>VO18 Sex Differences in Patients with Chronic Limb Threatening Ischaemia – A Bypass vs. Angioplasty in Severe Ischaemia of the Leg Prospective Cohort Study Analysis – Alexander Crichton</p> <p>VO19 The oxygenation status of calf and foot musculature predicts inadequate revascularisation in patients with limb ischemia - Lawen Karim</p> <p>VO20 RANDOMisation Screening for drug-coated or drug-eluting device randomised Trials amongst patients undergoing endovascular femorOPopliteal procedures (RANDOM-STOP study) - Sarah Jane Messeder</p> <p>VO21 A detailed investigation of the wound, ischaemia, and foot infection score in all-comers with chronic limb-threatening ischaemia - John Houghton</p>	<p>VO46 Improving Appropriateness to Vascular Hot Clinic Through Referral Form Intervention: A Quality Improvement Project - SZE YIN Ha</p> <p>VO47 Comparing the effect of using virtual reality versus simulation in the management of acute surgical scenarios on academic buoyancy levels – Mia-Tra Tran</p> <p>VO48 Role of geriatrician led multidisciplinary teams in identifying undiagnosed cognitive issues in frail older vascular surgery patients - Harriet Hall</p> <p>VO49 ASSIST: Validation of a novel hybrid clinician-patient remote outcome measure for diagnosis of surgical site infection - Ross Lathan</p>	<p>VO75 Longitudinal Sarcopenia Prevalence in Patients Undergoing Complex Endovascular Abdominal Aortic Aneurysm Repair - Tamer El-Sayed</p> <p>VO76 Timeline audit for ruptured AAA pathway, are we following the guidelines? - Yasser Ashoor</p> <p>VO77 The Importance of Specialist Multidisciplinary Management for 'Type B' Acute Aortic Syndrome - Razhan K. Ali</p> <p>VO79 Routine surveillance of frail octogenarians with AAA is not appropriate - Steve Tang</p>	<p>0945-1000 Should we be offering more intervention for acute DVT? – Miss Emma Wilton</p> <p>1000-1015 Management of Venous Malformations – What's New? – Mr Chung Lim</p> <p>1015-1030 What strategies exist to reduce the varicose veins waiting list? How problematic is the situation? – Prof Alun Davies</p>			
1030-1100	<p><b>Coffee and Exhibition</b></p> <p style="text-align: right;"><i>Exhibition Hall</i></p>						

<p>1100-1200</p>	<p>Auditorium</p> <p><b>PVD/ Carotid Abstract Session</b> Chairs: Arun Pherwani, Dave Bosenquet, Thanos Saratzis and Celia Theodoreli Riga</p> <p>VO22 Using the National Consultant Information Programme (NCIP) to assess national variation in patient outcomes undergoing Major Lower Limb Amputation (MLLA) in England over a 3 year period (April 2020 to March 2023) in contrast to National Vascular Registry (NVR) data – Helen Suttwood</p> <p>VO23 Comparison of clinical outcomes in patients with infra-popliteal disease selected for bypass surgery or angioplasty - Nina Al-Saadi</p> <p>VO24 Shear Load In-shoe Plantar Sensing/sTRain analysEs And Mapping in diabetic foot ulcers: Results of the SLIPSTREAM study - Alexander David Jones</p> <p>VO25 Specialist CLTI clinics as an alternative to admission; a 1 year experience – Assad Khan</p> <p>VO26 Prevalence of Frailty and Sarcopenia in Chronic Limb-Threatening Ischaemia: Associations, Clinical Outcomes, and Multimorbidity in the FrailTI (Frailty in chronic Limb Threatening Ischaemia) Study - Ashwin Sivaharan</p> <p>VO27 Cost Effectiveness and Quality of Life Benefits of Carotid Endarterectomy (CEA) in Patients with Symptomatic Carotid Stenosis: The real-world experience - Marta Madurska</p> <p>VO28 PERCEIVE: PrEdiction of Risk and Communication of outcome following major lower limb amputation – a collaborative study.</p>	<p>Wicklow Hall 2B</p> <p><b>SRS, Training, Audit Session</b> Chairs: Paddy Coughlin, Frank Smith, Rao Vallabhaneni</p> <p>VO51 Post-procedural antithrombotic therapy for vascular patients with lower limb arterial disease: An audit of current clinical practice against the European Society for Vascular Surgery (ESVS) 2023 guidelines - Miss Chee Yee (Belle) Hew</p> <p>VO52 Validity, reliability and responsiveness of the WoundQoL instrument in assessment of wound-specific quality of life in patients with chronic wounds: a systematic review - Misha Sidapra</p> <p>VO53 Improving Compliance To Best Medical Therapy For Peripheral Arterial Disease: A Tertiary Vascular Centre Experience - Thomas Eveson</p> <p>VO54 Postoperative Telemedicine is feasible and sustainable; a prospective life-cycle assessment approach to carbon footprint analysis - Ross Lathan</p> <p>VO55 Comparing virtual reality versus simulation to teach the assessment and management of acute surgical scenarios – Mia-Tra Tran</p> <p>VO56 The Rise of Large Language Models (LLM): Can ChatGPT play a role in assessing risk of bias? - Joseph Barsby</p> <p>VO57 Breaking Barriers: improving research delivery through involvement of clinical staff - Arooj Syed</p> <p>VO58 WITHDRAWN</p>	<p>Liffey Meeting Room 2</p> <p><b>Aortic/Trauma Abstract Session</b> Chairs: Paddy McCleary, Sadasivam Selvakumar, Colin Bicknell, Bridget Egan</p> <p>VO80 The A-HeAD Study: A retrospective review of the effects of socio-economic deprivation on modifiable preoperative health behaviours and outcomes after aortic aneurysms repair - Sarah Sillito</p> <p>VO81 Prevalence and Impact of smoking on perioperative outcomes after elective abdominal aortic aneurysm repair - Kitty HF Wong</p> <p>VO82 Fully automatic volume segmentation of the descending thoracic aorta, visceral abdominal aorta and visceral vasculature via computed tomography images with deep learning approaches versus physician controlled manual segmentation - Anna Louise Pouncey</p> <p>VO83 Prediction of Survival 5-years after Elective Repair of Abdominal Aortic Aneurysm Using a Machine Learning algorithm - Daniel Thompson</p> <p>VO84 What's the denominator? – An 8-year audit of ruptured aortic aneurysm outcomes, including rates of conservative and palliative management – Arjun Sharma</p> <p>VO85 National Consultant Information Programme (NCIP) to compare outcomes for patients undergoing elective EVAR and open abdominal aortic aneurysm repair (oAAA) (April 2017 – March 2020) - Guglielmo La Torre</p>	<p>Liffey Meeting Room 3</p> <p><b>Venous Forum Session</b> Chairs: Prof Bruce Campbell, Zola Mzimba</p> <p>1100-1120: <b>Venous Service and Workforce</b> The governance of nurse led venous intervention – nurse perspective - Mrs Leanne Atkin</p> <p>The governance of nurse led venous intervention – consultant perspective – Mr Patrick Chong</p> <p>1120-1200: <b>RSM Pump Priming Prize in collaboration with Venous Sig</b> - Mr Dan Carradice, Mr Tristan Lane, Mrs Gail Curran, Mr Andy Garnham</p>	<p>Liffey Hall 2</p> <p><b>Introduction to Vascular Surgery Course</b> Chairs: The Rouleaux Club <i>Supported by Conveners IVS Course* + Education Committee member</i></p> <p>1100 – 1200 Practical Station 3</p> <p>1200 – 1215 Closing/Course Summary</p>	<p><b>After some initial demonstrations with patients and skilled tutors, we will proceed with 15-minute rotations around the stations.</b></p>	<p><b>Acute and High risk</b> Slido code 3789350</p> <p>1100 – 1120 pre-op CPET testing: What, how and why? - John Griffiths</p> <p>1120-1140 Optimising outcomes in high risk patients: current and future research insights - Adam Haque</p> <p>1140 – 1200 Inpatient amputee rehabilitation – Jodie Spyrou</p>
------------------	---	--	---	---	--	---	---

	Development of a logic model - Brenig Gwilym  VO29 Intraoperative intravenous ketamine reduced risk of phantom limb pain post major limb amputation - Sarah Jia Ern CHEW		VO86 Recurrent symptomatic stenoses and reintervention following endovascular and open revascularisation for chronic mesenteric ischaemia in 104 patients over a 14 year period - Joel Norton  VO87 Outcome of patients turned down for abdominal aortic aneurysm surgery over a decade - Conor Brines				
1200-1300	<b>Lunch and Exhibition</b> <span style="float: right;"><i>Exhibition Hall</i></span>						
1300-1430	<p>Auditorium Slido code 3864999</p> <p><b>President's Symposium – Clinical Leadership</b> Chairs: Rachel Bell, Bridget Egan and Douglas Orr</p> <p>Step over the line - Neeraj Bhasin</p> <p>Reflections on DiveRCSity - Judith Gilroy</p> <p>How to be a strong &amp; kind leader - Dr Anahita Dua</p> <p>Leadership, Life and Lemons - leadership when we hit uncharted waters – Professor Linda Orr</p> <p>Conflict resolution - Olivia McBride</p> <p>The Second Victim - Professor Eva Doherty</p> <p>Panel Discussion</p>			<p>Liffey Hall 2</p> <p><b>SVN Programme</b></p> <p>1300-1400 <b>Celebrating 30yrs of the SVN – Gail Curran</b> SVN President Slido code 2129015</p> <p><b>Symposium 1 Progressing your career as a vascular nurse</b> Slido code 2920649</p> <p>Chairs: Leanne Atkin and Siobhan Gorst</p> <p>The journey from student to nurse consultant – Claire Thomson, Vascular Nurse Specialist, Royal Bournemouth Hospital</p> <p>Inspiring nurses to become research leaders – Smaragda Lampridou NIHR doctorate fellow Imperial College Healthcare Trust and Layla Bolton NIHR doctorate fellow Imperial College Healthcare Trust</p> <p>Introducing the SVN Capability statements –</p>		<p><b>Carotid Imaging</b> Slido code 3629897</p> <p>National Carotid Stenosis Grading Audit Dr Osian Llwyd, Clinical Vascular Scientist &amp; Stroke Association Research Fellow, Oxford University Hospitals NHS Foundation Trust &amp; University of Oxford</p> <p>Advances in AI to Assess Carotid Disease Dominic Howard, Consultant Vascular Surgeon, Oxford University Hospitals NHS Trust</p> <p>Advances in 3D ultrasound AI to Assess Carotid Disease Dr Steven Rogers, Scientific Director &amp; NIHR Clinical Lecturer Manchester Academic Vascular Research &amp; Innovation Centre (MAVRIC) and The University of Manchester</p> <p>Identification of the “at risk” carotid plaque Prof. Ciarán McDonnell, Consultant Vascular Surgeon &amp; Clinical Lead for Vascular</p>	<p><b>Non-Limb Wearers and difficult conversation</b> Slido code 3316681</p> <p>1300-1320 Emotional health and amputation - Pamela Gallagher</p> <p>1320-1340 Making Patients the centre of the conversation - Breda Clancy</p> <p>1340-1400 Non-ambulatory assessment tool - Amirha Essop-Adams</p> <p>1400 -1415 BACPAR at ISPO 23 - Fiona Davies &amp; Miranda Asher</p> <p>1415-1500 To fit or not to fit - Alison Morton and Laura Brady</p>

		Gail Curran, SVN President	Surgery, Mater Misericordiae University Hospital, Dublin	
1430-1500	<b>Coffee and Exhibition</b>	<i>Exhibition Hall</i>		
1500-1600	<p>Auditorium Slido code 2731127</p> <p><b>What I need to know- aortic/ carotid/ PVD update</b> Chairs: Andy Garnham, Ian Hunter, Sadasivam Selvakumar</p> <p>PVD - Paddy Coughlin Aortic - Ian Loftus Carotid - Dominic Howard</p> <p>Anaesthetics - Perioperative cardiac arrest in vascular patients - Ronelle Mouton</p>	<p><b>Symposium 2 Past present and future of vascular nursing</b> Slido code 2042013</p> <p>Chairs: Gail Curran and Claire Thomson</p> <p>Past, present and future of venous disease – Dr Leanne Atkin, Vascular Nurse Consultant, Mid Yorks NHS Trust</p> <p>Past, present and future of arterial disease - Miss Kaji Srirathan, Consultant Vascular Surgeon Royal Liverpool University Hospitals Trust</p> <p>The future of vascular nursing – Siobhan Gorst, Vascular Nurse Specialist, Doncaster &amp; Bassetlaw Teaching Hospitals</p>	<p><b>Vice President Session - Diabetic Foot</b> Slido code 2905324</p> <p>Pedal vessel 3D and contrast ultrasound imaging Joao Carreira, Research Manager &amp; Senior Clinical Vascular Scientist, IVS Ltd and Manchester Academic Vascular Research &amp; Innovation Centre (MAVRIC), Manchester University NHS FT</p> <p>Endovascular treatment of the Below-the-Knee vessels Dr Lorenzo Patrone, Consultant Interventional Radiologist, Guys &amp; St Thomas' NHS FT</p> <p>Treatment/management of the Diabetic foot – The bigger picture Dr Wing May Kong, Diabetic Consultant and Head of Ethics &amp; Law Imperial College London</p>	<p>1530-1630 <b>AGM - BACPAR Chair</b> Slido code 1660963</p> <p>All are welcome to join the Joint Symposium - The ideal amputation/ amputee in the Auditorium</p>
1600-1630	<p>Auditorium Slido code 8217062</p> <p><b>Ten years of AAA screening across the 4 Nations</b> Chairs: Louis Fligelstone, Akhtar Nasim, Andrew McKinley, Douglas Orr</p> <p>The story so far: results and outcomes from the English programme - Akhtar Nasim</p> <p>What happens to those turned down for surgery? The Scottish programme - Douglas Orr</p> <p>Treating screen and non-screen detected AAAs: The Northern Irish programme - Andrew McKinley</p> <p>Have we met the goals set out at the inception of AAA screening? The Welsh programme - Louis Fligelstone</p>	<p><b>Symposium 3 The Weird and the wonderful</b> Slido code 1843839</p> <p>Chairs: Annie Clothier &amp; Melissa Hughes</p> <p>Perspectives in managing chronic mesenteric ischaemia – Thomas Joseph, Consultant Vascular Surgeon, Lancashire Teaching Hospitals</p>	<p>The Diabetic foot MDT Jodie Buckingham, Hospital Podiatry Team Leader, Diabetes Podiatry, Oxford University Hospitals HNS Foundation Trust</p> <p>Automated devices for PAD population screening Prof Matt Bown, BHF Professor of Vascular Surgery, University of Leicester and</p>	

1630-1700	Auditorium <b>Vascular Society Annual General Meeting</b> Chair: Marcus Brooks	Liffey Meeting Room 2 <b>Rouleaux Club Annual General Meeting</b> Chair: Leanna Erete	Buerger's disease – Ismay Fabre  The many faces of Mycotic aneurysms – Mohamed Baihani, Consultant Vascular Surgeon, Lancashire Teaching Hospitals	University Hospitals of Leicester NHS FT  Diagnostic tools to establish the presence and severity of peripheral arterial disease in people with diabetes Prof Alun Davies, Imperial College London & Imperial College Healthcare NHS Trust	
1700-1800	Auditorium Slido code 3412339  <b>Joint Symposium</b> <b>The ideal amputation/ amputee</b> Chairs: Ciaran McDonnell, Ansy Egun, Kimberley Fairer  The Role of Vascular Ultrasound in the Critical Limb - Steven Rogers, Scientific Director - Manchester Academic Vascular Research & Innovation Centre (MAVRIC)  The Purpose of a Pre-Amputation Appointment - Louise Tisdale, BACPAR  The Role of the Nurse throughout the Amputee Patient Journey - Jane Todhunter, SVN  The Contribution of Peer Support and the Steel Bones Charity to Amputee Recovery - Emma Joy-Staines, CEO & Co-Founder, Steel Bones  Prosthetic Limb Design: Challenges & Innovations - Breda Clancy, MD, Atlantic Prosthetic Orthotic Services Ltd.  Pain management in major amputation - Rajiv Malhotra		Liffey Meeting Room 3  <b>17:00-18:30</b>  <b>Schwartz Round: The patient I cannot forget?</b> Facilitated by Barbara Wren  Mr Ross Davenport – Trauma & Vascular Surgeon Royal London  Miss Becky Sandford – Vascular Surgeon from Guy's & St. Thomas' Hospital  Professor Ian Loftus – Vascular Surgeon from St. George's Hospital  Miss Rachel Bell – Vascular Surgeon from Freeman Hospital, Newcastle upon Tyne  <i>*Please note - This is a closed session and no participants will be admitted after it begins at 5pm.</i>		
1800-1830	<b>Welcome Reception</b>				<i>Exhibition Hall</i>
1830-1900	Liffey Hall 2  <b>SVN Evening Symposium</b>  The Influence of Human Factors on Performance in High-Income and Variable-Resource Contexts - Fiona Kerray, Speciality Registrar, NHS Lothian				
1900-2200	<b>SVT Drinks Reception</b> Harbourmaster Bar & Restaurant				

Thursday 23rd November 2023

0730	<b>Registration opens</b>				
0800-0915	<p>Auditorium Slido code 3876362</p> <p><b>JVSGBI session with research updates</b> Chairs: Matt Bown, Ian Chetter and Rao Vallabhaneni</p> <p>0800-0820 Debate: Do we need an RCT of tranexamic acid to reduce blood loss in arterial surgery? For: Sandip Nandra Against: Rob Sayers</p> <p>0820-0830 VSGBI update – Ian Chetter</p> <p>0830-0850 Debate: Best, Basil or better? An endovascular first strategy for CLTI is evidence based For: Dan Carradice Against: Matt Popplewell</p> <p>0850-0905 Platform trials in vascular disease PAEDIS: Thanos Saratzis Venous: Alun Davies</p> <p>0905-0915 Current trials in vascular disease - Matt Bown Update on currently recruiting and new trials</p>	<p>Liffey Meeting Room 2 Slido code 1153493</p> <p><b>SAS and CESR: The journey to autonomous practice</b> Chairs Ibrahim Enemosah, Tatiana Martin, Paddy Coughlin, Ciaran McDonnell</p> <p>Specialty, Associate specialist and LED recruitment, support and contracts - Making a difference: The CHT case study – Pauline North</p> <p>SAS and Autonomous Practice – Vanessa Tuff</p> <p>Demonstrating progression to autonomous practice. A CESR portfolio assessor’s perspective – Ian Nordon</p> <p>FRCS Vascular Exam - Success is within your reach – Ibrahim Enemosah</p> <p>CESR - Getting it right the first time – Ahmed Elmetwally</p>	<p>Liffey Hall 2</p> <p><b>SVN Programme</b></p> <p>0845-1000</p> <p><b>President’s welcome address</b> - Gail Curran, SVN President</p> <p><b>James Purdy Prize abstracts</b> Slido code 3277136</p> <p>Chairs: Jane Todhunter and Gail Curran</p> <p>Barriers and facilitators to adherence to guideline-recommended therapy in patients with peripheral artery disease: A qualitative study - Smaragda Lampridou</p> <p>Qualitative exploration of the care pathway for patients with venous leg ulceration - Layla Bolton Saghdaoui</p> <p>Patient-reported outcome measures (PROMs) study using the AneurysmDQoL tool to determine abdominal aortic aneurysm (AAA) quality of life (QOL) in patients preoperatively and postoperatively - Louise Patullo</p> <p>Identifying which cohort of intermittent claudication patients benefit most from supervised exercise therapy and potential predictors of future revascularization - Suzanne Austerberry and Elizabeth Bouch</p>	<p>Wicklow Hall 2A</p> <p><b>SVT Programme</b></p> <p>0830 <b>Presidents Welcome</b></p> <p>0835 – 0922 <b>Recently Completed Study Abstract Presentations</b> Slido code 5259585</p> <p>An audit to determine whether patients at Cambridge University Hospitals receive two forms of carotid imaging pre-operatively when carotid endarterectomy is being considered, in line with the European Society for Vascular Surgery 2017 Clinical Practice Guidelines – Emily Alderson</p> <p>Open repair (OR) Abdominal Aortic Aneurysm (AAA) patients provide additional insights into their post-operative inpatient care compared to those undergoing endovascular aneurysm repair (EVAR) – Anna Corby</p> <p>A retrospective study assessing the clinical significance of pre-operative carotid ultrasound screening prior to cardiac surgery – Anice Aidi</p> <p>A Comparison of Duplex Ultrasound and Computed Tomography Angiography in the Assessment of Internal Carotid Artery Stenosis Classification and Plaque Morphology: A Single-Centre Audit – Elizabeth Washak</p> <p><b>Invited speaker</b> Slido code 3460227</p> <p>0925 – 0938</p>
