Comments Report

4. Comments

^{4.1)} If there were any areas of the course that you thought were particularly strong or weak, or that were not covered in the questions, please record your comments below

- Brilliant course, thank you so much. Learnt a lot and really enjoyed it (well organised)
- Brilliant course - thank you. Enjoyed the renal access component.
- Excellent course. Very well organised with good ratio of attendees to facilitators and resources. Thank you
- Excellent facility. Very supportive, relaxed atmosphere.
- Excellent faculty and course materials - great cadavers available
- Excellent opportunity for dissection practice
Very well organized and supportive faculty.
Course dinner might have been good for networking

Sponsors could have done better with the lunch ?
- Excellent to cover all lower limb and vascular access on cadavers.
Overall excellent and aimed at a good level.
Faculty were all great.
- Faculty were lovely.
Course is well designed for my level.
We were given enough time to do all I need to do.
Enough time for hands on.
Cadavers were fresh and the anatomy and the tissue quality were excellent.

Thank you
- Hands on was really great
Faculty was really supportive
Would really appreciate more time allocated and Also doing Neck, TOS
A similar course for superficial and deep venous system will be appreciated really

Good work team?
- Outstanding facilities, cadavers and engaged faculty.
Set the standard of training days, will be hard to surpass
- Very useful. I Like the idea of having to practice in cadavers with theatre set up and surgical instruments
